

BLACKBROOK HOUSE RESIDENTIAL CARE HOME

A beautiful place to live

*"Blackbrook House breaks
the mould in residential care
- luxury country house style
living for the older generation"*

Excellent Residential Care

When people come to live at Blackbrook House they become part of a big family house and receive individual care of the highest quality delivered by our professional and exceptionally experienced 24-hour care team. We support the independence and individual lifestyle choices of those that come to live with us, offering long-term care, respite, or simply a holiday, to the over 55s and those with dementia.

"Beautiful inside and out"

Relaxed Elegance

Set in 3 acres of landscaped gardens, Blackbrook House is a Grade II listed Georgian building. The house has been lovingly restored and includes many examples of lovely ornaments, beautiful antiques and original paintings across its three floors. Relax in one of our two lounges overlooking the grounds, take tea on the sun terrace or stroll amongst the rose borders and the formal parterre.

"Lovingly restored to its former glory"

Rooms With A View

We have 26 fabulous bedrooms, including two suites, individually decorated to offer personal choice in a country living style with the highest quality furniture with furnishings from Laura Ashley and Sanderson to name but two. What's more, all rooms enjoy views across the grounds or landscaped gardens. There is a call bell system in each room, as well as an en-suite bathroom, TV and access to the internet.

"Comfortable and tasteful"

A New Chapter

We've recently completed the building of a new suite of rooms on the site of Blackbrook House's former orangery. We're extremely pleased with the results, where the architect's vision is coupled with beautiful fittings and furnishings from the likes of Voyage Maison. The extension is full of sunlight, and offers unique views across the grounds, as well as our new water feature. We strongly encourage you to experience it for yourself.

"Simply wonderful"

Food To Suit All Tastes

Food is prepared by our wonderful chef and experienced team, offering home cooked cuisine lovingly prepared for you. We cater to your tastes, from bangers and mash to trout and almonds, or that all important Sunday roast, and always with consideration for special dietary needs. Choose to take breakfast in your bedroom or in one of the two dining rooms, or, weather allowing, outside. You can even invite a friend or relative for afternoon tea.

*"Thoughtfully
decorated"*

With You In Mind At All Times

Blackbrook House's restoration also includes the more practical things that make sure you can live as independently and comfortably as possible, including a passenger lift, flat floor shower room, electric high/low-rise baths, jacuzzi baths, dedicated in-house laundry service and a sprinkler system. We organise regular and varied trips tailored to what you want to do, and you can even take advantage of the chauffeur service.

*"Care that's
tailored to you"*

The Best In Care

At Blackbrook House we believe in treating you as an individual. Our highly experienced professional care team are here to support you to live the life you want to lead. We engage with you when planning your comprehensive care plan, tailored to suit your needs and wishes. You are also invited to take part in residents' meetings to share your thoughts and opinions on how Blackbrook is run.

"A home from home"

A Dedicated Respite Room

With our new Orangery Wing, Blackbrook House now boasts a dedicated room for respite care. Thoughtfully decorated, and situated at the quietest part of the home, you can be assured of privacy and comfort throughout your stay with us. The room is available to suit your needs, so please do get in touch to arrange a viewing, or to discuss your requirements.

*"Make our house
your home"*

A Warm Welcome Awaits

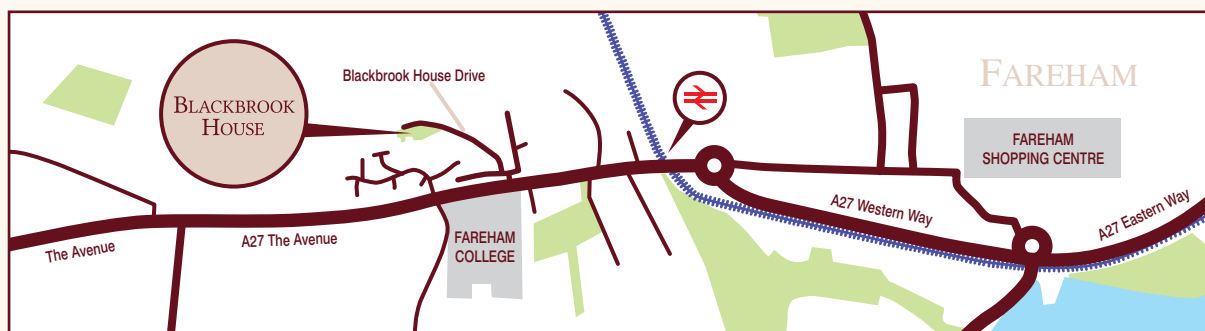

Our ethos is for a welcoming, warm and friendly environment in which those who come to live with us are supported to live independently in the lovingly restored surroundings. We firmly believe that this will be a new and fulfilling chapter in every resident's life, allowing you to feel part of something special and meet new friends as you make our house your home.

BLACKBROOK HOUSE RESIDENTIAL CARE HOME

Blackbrook House has been created by Stephen Press - a real people person with a strong background in care. You can learn more about Blackbrook House on our website, or you are more than welcome to make an appointment to visit.
